ERICSSON

IRES
INTEGRATED REAL ESTATE SOLUTIONS

In Y 2022 IRES won the tender for PM services for reconstruction of existing Ericsson office space in Kyiv.
Ericsson does not allow sharing of any photos of the office space.
We have Olesya Semerenko (Ericsson Administration senior manager) – who agreed to provide reference re the project on the request.
The project was accomplished in Y 2023.

Olesya Semerenko shared the contact olesya.semerenko@ericsson.com

- IRES was appointed as Project Manager for reconstruction of existing office space (1327,7м2) of Ericsson at BC Forum 13 Pymonenka str. Y 2023
- Our Detail Design team has developed Detail design documentation based on initial design provided by Ericsson.
- Tender for general construction provider was held
- Long lead item list was developed. Orders were made to meet the further deadline, considering constrains of war time.
- Construction process was planned and executed in respect to the inputs given by Ericsson team re teams relocation within office space.
- Existing furniture (working stations) was used
- New in built furniture and white goods appliances were procured and installed
- As built documentation was checked and transferred to IFM team
