Dear Vadim,

I would like to thank IRES/FRB PM team for leading the project of our new office spaces 637 m2 in Y2020-2021 at Kyiv, Str. Velyka Vasylkivska, 98, BC Grand,6th floor. Your team's hard work and dedication to the job were an integral part of the successful accomplishment of the project.

IRES/FRB executed both PM function and actual development of Design and Detail Design (Project Documentation) served with BOQ for 6th and 7th floors – 1,272m2.

The procurement process and contract signing were effectively done by PM business analysis group together with Sisense team. We want to specially highlight the valuable contribution of Sergey Romanenko, Maksim Kovalik, Ellada Vyshniakova, and Oksana Berezyuk.

During the construction phase of the project re fitting out of 637 m2 (Phase 1), IRES/FRB demonstrated a high level of dedication to protect Sisense interests through strict control of the project timeline, quality of executed works, and applied materials. Your contribution was also effective in terms of solving operational issues with the Business Center technical maintenance department.
