tieto

I would like to thank FRB PM team for leading the project of our new office spaces 2000 m2 in Y2019 at BC Technopark, Lviv, 4th and 5th floors.

FRB PM team supported the projects since its beginning. After received initial design documentation from Polish Architect, Premises sizing was executed by FRB PM department as well as further development of all necessary parts of the Project Documentation: Architectural section, Power network section, LAN (computer network, access control, CCTV, server room infrastructure), Fire Fighting, Water Supply and Sewage, HVAC, Project Documentation was approved with the LL.

During the construction phase of the project, FRB demonstrated high ethical standards in communication, people management, and coordination skills to liaise with the general contractor, BC management and Client to achieve time goals and solve different problems.

PM team coordinated the approval and payment of funds for equipment, materials and works which were requested by Tieto during the construction period apart of items, included in the BoQ.

FRB imported standard furniture for work stations, meeting rooms, canteen area and playroom as well as materials for suspended ceiling from Estonia and Poland in accordance to instruction of Tieto. Also managed to provide an effective system of key materials delivery to the site, supply long lead items such as glazed partitions and doors, carpet, PVC (LVT) tiles and accessories, luminaires, designer luminaires, suspended ceiling components, in built furniture etc

In addition to listed above, I would like to mention transparent communication between FRB and Tieto which ensured full visibility of what was going on at each stages of Projects at any given moment.

I highly appreciate the FRB leading role in finding a way through many difficult situations during the project. FRB support during the construction stage of the project and high dedication to the resolution of snagging list issues helped us a lot in successfully completing the project to the full satisfaction of our management and employees.

FRB was a partner for Tieto during all the process and supported us on the highest level of standards.

It is the pleasure to recommend Your company for further execution of PM role in other projects.

Director
