Warehouse complexes

Technical audit of engineering systems (systems, components and mechanisms) of the warehouse complex

- **Eurobeton-1** – Kiev region, Brovary district Y 2017
- **Eurobeton-2 (30 217,1m2)** – Kiev region, Brovary district Y 2017
- **Inrice,** Odessa region (The object includes 3 warehouse buildings: №1 – 16 100.98 m2; №2 – 16 100.98 m2.; № 3 – 34 144.64 m2) Y 2017
- **TechEnergoTrade_1 (94 476 m2),** - Kiev region, Brovary district Y 2017
- **TechEnergoTrade_2 (65 446.8 m2)** – Kiev region, Brovary district Y 2017

Technical audit includes:

- power supply systems;
- water supply and sewerage systems;
- gas and heat supply systems;
- ventilation and air conditioning systems;
- refrigeration systems;
- fire safety systems (fire alarm, notification, fire extinguishing);
- cost analysis of defects resolution, schedules of engineering systems
